PROFESSIONAL SUMMARY

Dedicated IT professional with experience in Core Banking Operations, Cloud Engineering, and Automation. Proficient in Linux Server Administration, Database Management, and RPA development. Adept at streamlining operations using modern technologies like NiFi, Grafana, and UiPath. Passionate about optimizing processes through automation and improving efficiency with a strong foundation in systems administration and cloud-based solutions.

WORK EXPERIENCE

Site Service Engineer — *PT. Boer Technology* Jan 2022 – Present

- Performed Core Banking Operations at BRI Ceria, including End of Day processes and Finacle service monitoring.
- Monitored and executed NiFi flows, ensuring efficient data management and processing for Ceria.
- Utilized Grafana for resource monitoring to optimize system performance.
- Developed automation solutions using UiPath for reporting tasks, improving operational efficiency.

Field Engineer Telecom — *PT. Satunol Mikro Sistem* Aug 2018 – Dec 2022

- Led commissioning of PLC, Multiplexer, and Teleprotection systems for Siemens-PLN projects.
- Successfully commissioned Baseband, MLTN, ML6K for Ericsson-Telkomsel projects, ensuring optimal telecom system functionality.

EDUCATION

Binus University Nov 2022 – Expected Nov 2024

Bachelor's Degree in Information System

GPA: 3.81/4.00

PROFESSIONAL TRAINING

- Adinusa Bootcamp** — Path Cloud Engineer, March 2022
- Btech Linux Foundation IT Associate (LFCA) Training**, Nov 2021

PROJECTS

- WhatsApp Web JS Bot**
Developed a **WhatsApp bot** using **Node.js** and **WhatsApp Web.js** to automate reporting tasks for internal operations. Integrated the bot with AWS Lambda for message forwarding and automated notifications, enhancing communication efficiency.
- RPA Automation for Banking Operations**
Designed and implemented **RPA solutions using UiPath** to automate repetitive tasks in Core Banking Operations at BRI Ceria, such as generating daily reports and monitoring system status, reducing human error and manual workload.

ADDITIONAL

Technical Skills: JavaScript (Node.js, Express.js), Python, UiPath (RPA), Shell Scripting, API, AWS Lambda, Linux (Server Administration), PostgreSQL, SQL, NiFi, Grafana, ELK.

Languages: Bahasa Indonesia (Native), English (Conversational)

Certification and Training: Linux Foundation Certified IT Associate (LFCA), Linux Foundation Certified System Administrator (LFCS), PostgreSQL Administration
